

Name _____

Who has the higher GPA?

Directions: Use the information at the bottom to calculate the GPA of each student, and determine which student has the highest GPA based on their progress report.

Student A – Janice, 9th Grader

Course	Progress Report Grade	# Credits	Grade Points
9 ELA	B	1.0	
Pre-AP Geo.	B	1.0	
Pre-AP Biology	B	1.0	
Team Sports I	A	1.0	
Forensics I	C	1.0	
Band I	A	1.0	

Total Grade Points = _____

Total # Classes (or credits) = _____

Midterm GPA = _____

(round to nearest tenth)

Student B – Tyrell, 9th Grader

Course	Progress Report Grade	# Credits	Grade Points
9 ELA	C	1.0	
Algebra I	A	1.0	
Biology	B	1.0	
Weight Training I	A	1.0	
Art I	B	1.0	
Civics	B	1.0	

Total Grade Points = _____

Total # Classes (or credits) = _____

Midterm GPA = _____

(round to nearest tenth)

Key Takeaway:

Table of GPA Points (Alachua County Public Schools)

Grade	Score	Regular GPA (on-level classes)	Weighted GPA (Pre-AP, Honors, IB, AP)
A	90-100	4.0	5.0
B+	87-89	3.0	4.5
B	80-86	3.0	4.0
C+	77-79	2.0	3.5
C	70-76	2.0	3.0
D+	67-69	1.0	2.5
D	60-66	1.0	2.0
F	0-59	0.0	0.0
I	incomplete	0.0	0.0

How to Calculate your GPA:

- Multiply the point value of each grade by the number of credits (in this case, all are credits = 1.0).
- Add up the total grade points.
- Add up the total credits.
- Divide the total grade points by the total credits.

$$\frac{\text{Total Points Earned}}{\text{Total Credits Attempted}} = \text{Grade Point Average}$$

GPA: Grade Point Average
